Brief History of Brainware Group

1991: First Centre of Brainware

1990 – 1992

Brainware started operating from a single-room office at Lake Road in Kolkata as a proprietorship firm. Within a year it became a Private Limited Company. Brainware pioneered the School Leavers' Programme and the Computerised Financial Accounting Course.

1995: Admission Fair at Ice Skating Rink

1993 – 1996

Started offering skill-based programmes such as DTP, Financial Accounting, Hardware etc., through retail training centres in West Bengal. Partnered with Corel to offer training in DTP courses. DOEACC accorded affiliation for its 'O' level and 'A' level courses.

2000: At the Jadavpur University Campus

1997 – 2000

Started franchisee operation into far-flung districts of West Bengal and into the state of Orissa. Also entered into a partnership with MTDRC-SET of Jadavpur University for its Multimedia Training Programme.

Bhiti Puja

2001 – 2004

Brainware survived the massive global recession. A formidable team of experienced IT professionals helped Brainware spread to other Indian states. Brainware received ISO certification. It laid the foundation stone for a 30,000 sq.ft corporate office at Salt Lake. PG Diploma programmes were offered in collaboration

Corporate House: Brainware

2005 – 2006

The corporate office was set up at Salt Lake. Brainware's Multimedia Development Division initiated its operation by launching a variety of interactive learning CDs throughout the country. The Advanced School of Hardware & Networking was established to offer high-end courses in the field of Hardware & Networking. Also entered into partnership with RedHat to offer

Brief History of Brainware Group

From the WebGuru Site

2007 – 2009

Started offering various graduate and postgraduate programmes in IT and Management. Launched WebGuru to thunderous response.

Partial view of the college campus

2010 – 2011

A multi-acre eco-friendly campus was set up at Barasat in order to provide quality education in the fields of Engineering, IT and Management. BrainZ was started in order to provide guidance to students aspiring for WBJEE. Brainware College of Professional Studies, affiliated to West Bengal State University, was established to offer courses in IT and Management.

Signing contract with Bournville College, UK

2012 – 2014

Entered into a collaboration with Bournville College of Further Education, UK, to offer specialised courses in English Communication, Management and Information Technology. Also entered into collaboration with various Sector Skill Councils of National Skill Development Corporation and Government of West Bengal to offer job-oriented short-term vocational

Brainware & NSDC MOU sign

2015 – 16

As an NSDC partner, has been providing skill training under 12 Sector Skill Councils, in association with Government of India and various State Government Departments, through 80+ training centres in West Bengal, Assam, Tripura, Meghalaya, Jharkhand and

WEB SERVICES

WebGuru Infosystems Private Limited is a sister concern of the Brainware Group and is one of the most rapidly growing online solutions company in India, providing an array of web design, web development, graphic design and internet marketing solutions to an esteemed global clientele.

Its updated infrastructure coupled with a team strength of 150+ professionals enables it to blend superior technology with core functional expertise to deliver outstanding solutions.

Corporate Social Responsibility

Apart from playing a vital role in the progress of education in Bengal, Brainware is also known for its active participation in social causes.

Dr Rima Mukherji

Dibyendujoyti Charitable Trust

Mr. Phalguni Mookhopadhyay, the founder-chairman of the Brainware Group along with Dr. Rima Mukherji, the Managing Trustee of Dibyendujoyti Charitable Trust together set up the Crystal Wellness Clinic, a holistic healing centre for people with disturbed or disordered minds.

Classes being conducted at Crystal Wellness Clinic

As an organisation, Crystal Wellness Clinic, provides state-of-the-art diagnostic and therapeutic services with the support of a team of competent psychiatrists, psychologists and special educators. It not only deals with the treatment of mental disorders but also focuses on activities promoting wellness such as music, dance and drama therapy and parenting skills, which are group-oriented rather than one-on-one interactions.

Personal counselling Session

Our initiatives for the unprivileged section of the society

KIRAN

KIRAN, an endeavour by Kolkata Police to spread computer literacy among the underprivileged & disadvantaged youth of the society, was fully supported by Brainware. The organisation has been its training partner since the inception of the project. Brainware sketched the curriculum and also provided the faculty, study materials and certificates to all the students.

The first centre of KIRAN was inaugurated at Beniapur on August 2, 2008. Since then we have trained over
